SERIOUS WRECK.

A Dozen People More or Less Injured Through the Carelessness of a Flagman.

MOUNT VERNON, Ohio, April 8—One of the most serious wrecks that has occurred on the Cleveland, Akron and Columbus railroad for several years happened yesterday afternoon about twenty-three miles east of here, at a point called "The Summit," a very steep grade. Freight train No 24, going west, was assisted by a pusher, and the flagman on the summit had orders to hold No 3, express going east, until No 24 passed. This he failed to do, resulting in a collision in which about a dozen or more passengers were more or less injured. Those most seriously hurt are as follows: T B Reed, engineer of No 3, right foot sprained by jumping; Mrs. Jonathan Tipton, of Black Creek, severe injury to left arm and wrist and back wrenched, thought to be hurt internally. Mrs. W. H. Latt, of Columbus, back sprained, W. L. Koch, of Millersburg, found wedged between two seats, his right arm being badly crushed and wrenched. H C Irving, of Westerville, contusion of head and left cheek; S L Nearing, of Danville, left leg badly bruised and contusion. About six of the box cars in the freight train were smashed and over five hours were required to clear the track.

HUNTINGTON, W. Va., April 8—Last night a freight train ran into a span of a bridge, knocking it down, four cars going with it into the river just east of here. Passenger trains are delayed about twelve hours. There is no report of loss of life.

SHOULD BE LYNCHED.

Archie Bighie Abducts a Pretty Young Girl for Immoral Purposes.

FORT GAINES, Ga., April 8. Archie Bighie, who a few weeks ago abducted Miss Laura Brooks from her home in Clay county under promise of marriage, and carried her into the swamps of the Chattahoochie river, where she was brutally treated, was arrested here yesterday as he stepped off a steamboat. He and the young lady planned an elopement and the trusting girl found very soon that she was in the clutches of a villainous scoundrel who had deliberately planned her ruin. Bighie, it turned out, lived with three disreputable companions in an old tenement on the banks of the Chattahoochie, the quartet purloining the stray cattle and swine of farmers for subsistence. Farmer Brooks, the father of the girl, learned of his daughter's whereabouts and sent a party to bring her back to her home. After treating with his captors, Allen White, a member of the party, secured the release of the girl for a money consideration, and she was returned to her parents and told the story of her abduction and the hardships she had undergone. Bighie is now in jail and fears of lynching are entertained.

AFTER HORSE THIEVES.

The War in Montana for Their Extermination.

HELENA, Mont., April 8.—The first results of the war looking to the extermination of horse thieves in eastern Montana and Wyoming came to light yesterday, when the body of a man was found on Alkali Creek, about ten miles from Billings. He had been shot through the head and had been dead several days. The man has not been identified, but is supposed to be a Wyoming rustler en route to Canada. Two other men suspected to be in communication with horse thieves have mysteriously disappeared within the past few days. This is only the beginning of the end. Two parties are now out after the rustlers, who are located at the Jackson Hole, in Wyoming, with a thousand stolen horses in their possession.

SULLIVAN'S MANAGER.

Duncan B. Harrison is Fined for Assault at Clinton, Ill.

CLINTON, Ill., April 8.—Duncan B. Harrison, of the John L Sullivan company, was arrested at Clinton yesterday and fined $33.65 for assaulting W. H. Kelly, a Clinton man, who had crowded into the train to see Sullivan. Kelly fell into Harrison's lap and stepped on his corns. Hot words followed and Kelly struck Harrison, who kicked him out of the car twice. It was only with difficulty that Sullivan and Jack Ashton were prevented from cleaning out the depot crowd.

BRUISERS AT WORK.

Jack Dougherty and Jack Bennett Pound Each Other.

HAMMOND, Ohio, April 8.—Yesterday morning at 11 30 o'clock Jack Dougherty, of Philadelphia, and Jack Bennett, of Canada, met at Brownsville, Ind., and in the presence of 300 or 400 admirers from this city, finally ended a prize fight in twenty five rounds. Bennett went down in that round and was unable to respond at the expiration of the allotted ten second.

HARRISON'S PARTY

In Louisiana Using the Lottery People to Help Them Out.

NEW ORLEANS, April 8.—Rumors have been current for several days, and generally believed, that the McInery people, the lottery and the Leonard wing of the republican party, have formed a combination to elect Leonard, he wing to deliver the republican delegation for Harrison at the Minneapolis convention and the lottery to provide $300,000 for the state campaign and a handsome donation to carry this state in the Harrison campaign. The rumor is confirmed by the admission of a prominent lottery stockholder that such a combination has been made, the money provided, and the messenger dispatched. Some of the ward bosses admit that McInery is being run simply to help their city ticket, and with no hope of election. The McInery papers have remounted their ticket, although they had taken it from their columns.

INCENDIARY FIRE.

Anarchists Make an Attempt to Burn the Aristocratic Quarters of Vienna.

VIENNA, April 8.—Great excitement was caused this morning by another incendiary fire. A mansion on the Ringstrasse was reported to be in flames, and when the police and firemen hastened to the place, they found every evidence that the fire was the work of anarchists. The flames had already gained considerable headway, but the firemen succeeded by extraordinary exertion in preventing the spread of what had threatened to be a serious conflagration. In their work they met, as on former occasions, with very serious interference by the crowd that gathered to the scene, and who, undoubtedly, included a number of anarchists. The latter tried to create a row, and pushed people in the way of the firemen, trampled on the hose and cut it in several places. There is reason to believe, also, that an effort was made to interfere with the water supply. Had the fire spread, it would have desolated one of the most aristocratic sections of Vienna. The Ringstrasse is one of the most splendid streets in the world. It is lined with the mansions of nobles and wealthy citizens, against whom the anarchists have of late directed their threats. In view of recent incendiary attempts the wealthier people are having their houses specially guarded, while the police force has been strengthened on the Ringstrasse, the Praterstrasse and the other neighborhoods where the well-to-do reside.

CRUSHED BY A LOG!

Frank Johnson Meets With a Terrible Accident—George Ritter Injured.

Frank Johnson, a lumber dealer, met with an accident near Woodburn this morning which came near being his last experience. While he was superintending the work of rafting logs, one of the heavy logs rolled down an embankment and in its course knocked down Mr Johnson and pinioned him to the earth. When released he was unconscious and gave evidences of being dead. His limbs were crushed and his body badly bruised. Internal injuries, which may prove fatal, were received and the man lies at his home, near Woodburn, in this county, suffering great pain.

George Ritter, a brakeman on the Fort Wayne road, suffered a compound fracture of the right leg while in the performance of his duty near Warsaw, this morning. He was brought here and taken to the St. Joe hospital, where the company surgeon attends him. It will be many weeks before Mr Ritter can go to work again.

J. S. Welch, a brakeman residing at 298 East Creighton avenue, had one hand mashed while coupling cars. The thumb had to be amputated.

ANOTHER ENCAMPMENT.

The New Mexico Grand Army Men Hold a Brilliant Session.

LAS VEGAS, N. M., April 8.—The ninth annual encampment of the Grand Army of the Republic, department of New Mexico, is in session here. Nearly every post in the territory is represented and the encampment is the largest one ever held in this territory. Yesterday a grand parade was made through the most principal streets. The business blocks and private residences along the line of march were handsomely decorated with flags and bunting. After the parade Col. A. J. Fountaine, of Las Cruces, department commander, delivered the annual address. Last evening a grand camp fire was held at the Tamme Opera house, at which addresses were delivered by Governor Prince, Chief Justice James O'Brien, ex-Chief Justice E. V. Long and others. Capt. Jack Crawford, the poet scout, read a poem. Today the election of officers for the ensuing year will be held.

BLAINE TALK.

His Friends Won't Quit Booming Him for President.

WASHINGTON, April 8.—There is undoubtedly a vigorous revival of the Blaine talk and there are those who insist that if the secretary had felt as well physically when he wrote his recent letter declining to allow his name to be used at the Minneapolis convention as he does now it would not have been written.

A MYSTERY.

A Dead Man Awaiting Identification at Portland, Maine.

PORTLAND, Maine, April 8.—A commercial traveller, who went by the name of Watson, died in a hotel in Rockland last week and all efforts to find his friends or relatives failed. It is now stated that he has been identified as a General Steadman, said to have been a noted cavalry officer during the war, who fell into disgrace and disappeared.

The interior of the Front House is about to be enlarged. The store room just vacated by the Adam Express company will be remodeled and added to the Front House saloonroom, making an important addition to that already mammoth establishment.

Mrs. Emil Wulschner, of Indianapolis, is in the city.

INDEPENDENCE.

Wilfred Laurier Makes a Sensational Speech in the Dominion Parliament.

OTTAWA, Ont., April 8.—In the house of commons last evening Hon. David Mills said it was time, if the house had any respect for itself, that some action be taken in regard to reciprocity. He would ask the house to declare that the time had come when a commercial treaty with the United States favorable to Canada should be made by men responsible to the minister of the crown for their official acts, and for whom the ministers were responsible to the house of commons. Hon Geo Foster, minister of finance, replied denouncing the resolution as being simply veiled disloyalty and accusing every supporter thereof, and especially Hon. Wilfred Laurier, leader of the opposition, with being annexationists. Wilfred Laurier, in reply, said George Foster forgot that Canada was growing and that nations grew as men grew. Canada could not remain a colony forever. He did not suggest separation from the mother country at present. The position of the colonial citizens was humiliating. Years ago Canada copied the American tariff and had laws and American principles and they must abide by it. He was not an annexationist. The highest goal of his political aim was to see Canada an independent nation among nations.

WASHINGTON NEWS.

Senator Dawes Wants Chinamen Naturalized—House Proceedings.

WASHINGTON, April 8.—In the senate Mr. Dawes presented a petition to naturalize such Chinamen as came to this country before the passage of the first exclusion act with the intention of making it their permanent home. Mr. Teller, after consultation with Mr Wolcott and other silver men, offered a resolution for present consideration, directing the secretary of the treasury to furnish the senate with a statement of the amount of silver bullion offered to the government each month since the passage of the act of 1890, by whom offered and at what price; the amount purchased each month and at what price, and number of days given the seller in which to deliver the silver. The resolution was adopted. Mr. Cameron gave notice that tomorrow, immediately after the close of the morning business, he should move that the senate go in executive session. The senate devoted the rest of the day to the annual appropriation bill for the expenses of the government of the District of Columbia.

In the house a bill for the relief of Edward S. Armstrong was passed. Mr. Cobb, of Alabama, submitted the minority report of the Bockwell-Noyes contested election case. Bills were reported to make Laredo, Tex., a sub-port on entry and to authorize the Continental Bridge company to construct a bridge across the Rio Grande river at or near Brownsville, Tex. The house then proceeded with the free wool bill, Mr. Wilson, of West Virginia, taking the floor to close the debate. He said the absence of Mr. Springer at this time was due to his untiring energy and unswerving industry in the close application given to the tariff measure, for which he had paid the penalty of a dangerous illness. He also complimented Mr. Brackenridge on his speech delivered yesterday, which had covered many points he had wanted to make today. Standing in the second aisle of the democratic side and speaking without notes he made a masterly arraignment of the principles of protection. His speech was frequently applauded by his colleagues, who paid close attention to his remarks.

A DESERVED PROMOTION.

Chili Recognizes the Services of an Able Jurist.

VALPARAISO, April 8.—Judge of Crimes Foster, who conducted the investigation of the assault upon the members of the crew of the United States steamship Baltimore, was promoted to the court of appeals at a meeting yesterday of the council of state. Five court of appeals judges in all have been appointed, two from the conservative party and three from the liberal ranks. This proves the desire of the present cabinet to act fairly in the distribution of offices. It is reported that Admiral Walker's squadron has sailed from Ensanada, Argentina. Its destination is not known.

OUT OF WATER.

Pine Bluff Refuses to Pay the Water Company and the Supply Ceases.

PINE BLUFF, Ark., April 8.—The city was in utter darkness last night, the Pine Bluff Water and Light company having shut off the city's light and water supply, owing to the failure of the city to pay anything to the company for the last twelve months' services. The city owes the company about $10,000 and refuses payment, as the services, it is claimed, was inefficient and thus annuls a contract which is extremely advantageous to the company. In case of fire there is no water supply to check a conflagration.

BLAINE'S POSITION

Is the Same Now as When He Wrote His Letter of Withdrawal.

WASHINGTON, April 8—Senator Hale, in an interview yesterday regarding the stories which have been assiduously circulated the past week with reference to Mr. Blaine's supposed willingness to accept the nomination for the presidency said: "I do not speak for Mr Blaine, because I have no authority to do so, but I know he stands today exactly as he did when he wrote his letter of withdrawal. He has not reconsidered his determination and he has given no intimation of any intention to reconsider it."

THREATENED TIE UP.

Indianapolis Strikers Preparing to Bring Matters to a Focus—Trouble Brewing.

INDIANAPOLIS, April 8.—Time has demonstrated the fact that a purely local strike against the Pennsylvania company cannot win, and it is entirely probable that next week not only will all the union machinists in the employ of the company at various points be called out, but also that an effort will be made, with the aid of other railroad labor organizations, to tie up the whole Pennsylvania system. The leaders of the machinists are very reticent, but many intimations were dropped last night pointing to the fact that they have the promise of support from other organizations in a general fight to force a recognition of unionism from the Pennsylvania company, which has not as yet either recognized a union or taken back a striker.

The advisory labor committee, with sixty unions represented, met last night at the machinists' hall. International Committeeman J. J. Lamb, of Peoria, Ill., was present and took part in the proceedings. Mr. Lamb made an address, thanking the unions of the city for their co-operation and ready sympathy. He urged that all exercise patience and wisdom, and predicted that organized labor would triumph. Mr. Lamb related that he had visited the Panhandle shop in the morning. A detective barred his way at the gate, but after much parleying, strategy gained him admission, and he then went to the office of Mr Swanston.

This gentleman recognized him, and courteously showed him over the shop. He asked Mr Lamb what the men intended to do, and the latter said they would remain firm in their opposition to piece work. Mr Swanston said the company would remain even firmer the other way, and the conversation, while respectful, ended in an agreement to disagree. Mr. Lamb counted the imported men and found there were seventeen of them at work. Mr. Swanston, however, told him they had all the men they wanted at work.

Mr. Lamb will after a brief absence, remain in the city now until the end. The strikers have been showing an anxiety for a movement in some direction, and his presence is an indication that something is to follow. It is intimated that important developments may be expected by Tuesday next. The presence of national officials of the federated train service organizations and the fact that there has been communications with P. M. Arthur, chief of the engineers' brotherhood, leads to the conclusion that the issue has been founded on a fundamental principle of recognition of organized labor.

The Pennsylvania system has been refusing for years to deal with men as representatives of organizations, and the probability is that a test of strength is to be made. There are indications that the long delay has been due to an effort to interest all branches of men connected with the railroad service.

A union meeting of the members of all labor organizations will be held in Masonic hall, Sunday afternoon, at 2 o'clock. The subject to be discussed will be a report from the advisory committee of what is intended. Only those having the pass word and in good standing will be admitted.

THE COURTS.

The Day's News as Found Before the Different Tribunals.

Justice France has decided the case of Gardner against the African F. & A. M., giving the plaintiff judgment for $5.

Justice Ryan decrees the plaintiff judgment in the case of Henrietta Thompson against Julia A. Slagle for the possession of premises.

John Williams, who was arrested on suspicion by Officer Limecoody yesterday for trying to dispose of finger rings, was arraigned before the mayor this morning. He is supposed to be crooked. The mayor was satisfied that his case would stand a thorough investigation, so he bound the prisoner over. The name of Williams is thought to be an alias, and it is claimed by the officers that he was before the mayor a few months ago for some offense, but on his promise to get out of town and stay out he was then let go.

Michael O'Shaughnessy, who was arrested by officer Borgman for drunkenness, was sent to jail for eleven days.

SHEEP SHEARS AND KNIFE.

Two Men Fight With These Weapons—Both Fatally Injured.

HOT SPRINGS, Ark., April 8.—Yesterday afternoon Ring Mayberry and Geo. Simmons, two powerful men, quarreled in the street of this city. Simmons was armed with a pair of sheep shears and his antagonist had a large knife. Both men repeatedly plunged the weapons into each other. Before the men could be separated Mayberry was fatally wounded and Simmons received injuries which may result in death.

BRADLEY'S SUCCESSOR.

J. Hayes Brown, of Philadelphia, the Lucky Man.

LANCASTER, Pa., April 8.—It is said that President Harrison has decided to nominate J. Hayes Brown, of this city, to succeed the late Justice Bradley in the supreme court. Mr Brown is a law partner of Attorney General Wolfe, of Philadelphia.

A Site Located.

WASHINGTON, April 8.—Secretary Foster today selected what is known as the Baxter site for the location of the public buildings in Pueblo, Colo.

BOLD ASSASSINATION.

Four Masked Men Force an Entrance Into Deacon Poninski's House and Shoot Him.

BERLIN, April 8.—A dispatch from Inowrazlau, an important town in Prussian Poland, tells of a tragic event in that province, which indicates that the anarchists are thoroughly organized in their attempts against the established order of things. One of the leading residents in the vicinity of Inowrazlau is Deacon Poninski, who lives at Kreuzeiche, and is an influential supporter of the government and an enemy of nihilism. During the night four men dressed in respectable attire, and their faces concealed by masks, entered the residence of Poninski. The deacon was in bed. The men were evidently not brigands, as they paid no attention to the valuables in the house, but made straight to Poninski's room. Poninski was aroused by the noise of their entrance and sat up listening. His wife also was aroused and was about to cry for help, when one of the masked men told her sternly to be silent if she wished to save her life. There was enough light in the room to notice the general appearance of the intruders and for the latter to see their intended victim. Before the deacon could speak the three men leveled their weapons at him and fired. The shots took effect, inflicting dangerous wounds. His wife was not hurt. Poninski sank back on the bed, the blood starting from his wounds. The assassins, apparently satisfied that they had killed their victim, turned and hurried away. Frau Poninski, although not herself injured, became unconscious and fainted on the body of her husband. The shots in the meantime aroused the neighbors and servants who hastened to the scene. As soon as Frau Poninski was restored she told the story of the assassination. The deacon, who had fainted from the shock and loss of blood, was brought back to consciousness and confirmed his wife's report of the outrage. The authorities and people determined to hunt down the would-be murderers, and an expedition was immediately organized, in which all of the able-bodied men of Koscielio joined. The assassins were tracked to a forest and their trail was followed for a long distance. As the pursuers came closer to the pursued the former threw out skirmishers right and left, so as to prevent the escape of the outlaws. They then closed in on them and a demand was made for their surrender. The outlaws uttered cries of defiance and the pursuers prepared for a charge. As the attacking party rushed forward the outlaws fired, but without effect, while a fusilade from the assailants laid two of the assassins dead. The remaining two did not wait for capture. Turning their weapons on themselves, they shot themselves fatally and died almost instantly. When the bodies of the dead were examined a startling discovery was made. Letters of instruction were found signed with the words "executive committee of the Polish anarchists," and the signature was accompanied by a seal inscribed with the same words. Those letters contained instructions to murder Deacon Von Poninski and also instructions to commit other outrages, regarding which the authorities have not given any information, as they probably wish to use the revelations for the arrest of anarchists.

THE WIND-UP.

Grand Finale of the State G. A. R. Encampment.

Last evening a farewell reception and ball at Princess rink was a fitting close of the state G. A. R. encampment held in this city. The principal address of the evening was that of Col. R. S. Robertson, who alluded particularly to the good work of the Women's Relief Corps. He said the day was fast approaching when war would be an impossibility. Professor Miles' quartet sang "Comrades in Arms," by Adams, and "Soldiers' Farewell." Mr. Wm Bash sang, "Let All Obey," by Leach. Miss Teresa Ryan, of Indianapolis, recited, "Good by, Jim, take care of Yourself," and Mrs. Steadman McCann recited "Memories of the War." Annette sang "The Warrior's Farewell." Chaplain Ryan told a number of funny stories and Department Commander Newton, of the Sons of Veterans, made a speech. Dancing began at 11 o'clock and was continued until about 2 o'clock this morning.

The proceedings yesterday afternoon were of a routine nature. One important resolution was passed directing the department commander to at once appoint a committee of one from each congressional district, with James R. Carnahan, of Indianapolis, as chairman, whose duty it should be to prepare and lay before the next legislature a bill providing for the erection of a state soldiers' home to which shall be admitted the wives of living comrades and widows of deceased ones, as well as soldiers themselves. This committee consists of thirteen persons and will convene for business within thirty days. Already donations of sixty acres of land by citizens of Muncie and 120 acres of land by citizens of Fort Wayne have been offered as a site for the proposed new home, and several persons and corporations in the state have already signified their intention of donating funds for the erection of cottages on said ground, when they are so united. The sum of $5000 was appropriated from the funds of the department, to be used at the discretion of the council of administration for the erection of the cottages, no cottage to exceed $800 in cost. The Women's Relief Corps also expressed their intention of assisting the G. A. R. in the establishment of such a home.

The election of officers of the Women's Relief Corps occurred after dinner and which caused the greatest interest. There was considerable contest over the various positions, but the result finally reached was as follows: President, Mrs. Ida S. McBride, of Elkhart; senior vice president, Ella D Zinn, of Indianapolis; junior vice president, Lucia Kintz, of Fort Wayne; secretary, Carrie Harper, of Elkhart; treasurer, Mary Tousley, of Elkhart; inspector, Dr. Elizabeth Miller, of Muncie; counsellor, Laura Hess, Wabash; inspector, Julia Conklin, Westfield, 1 and 1 officer, Mattie E. Grill, Evansville; executive board, Carrie Francis, Waterloo, chairman, Minnie Brown, Wabash; Sarah Knight, Anderson, Frechee Elam, Valparaiso, Sallie Boagland, Indianapolis.

Resolutions of thanks to the people of the city for kindness and courtesy and touching similar matters were passed, the newly elected officers were installed and the meeting adjourned.

HE IS IN THE RACE.

Claude Matthews Will Accept the Democratic Nomination for Governor if Tendered Him.

THE SENTINEL can announce today, upon the authority of one who is in a position to know, that Hon. Claude Matthews, the present secretary of state, will be in the gubernatorial race when the democratic state convention meets at Indianapolis on the 31st of this month.

A prominent democrat, living in the Eighth congressional district, the home of Mr. Matthews, and who is an intimate political friend of our secretary of state, was met this week by THE SENTINEL and interviewed regarding Mr Matthews' candidacy for governor.

He stated that it is and has been well understood that Mr. Matthews is a candidate for secretary of state, but that his friends all over Indiana are most persistently urging him to say that he will accept the nomination for governor if it be tendered him by the coming democratic state convention. This gentleman, in reply to THE SENTINEL'S question, said:

"THE SENTINEL will make no mistake in saying that Mr. Matthews, having obeyed the call of his party to become its candidate for secretary of state in 1890, is too good a democrat and too highly appreciates the honor of such a call as to decline the nomination for governor if tendered him by the democratic state convention. If chosen to be the standard bearer of our party in Indiana this year he will accept and will get a thousand republican votes in the Eighth congressional district in November."

Mr. Matthews would make a strong race for governor if nominated. He is a vote getter, and has been remarkably successful in both business and political life. Being largely engaged in agricultural pursuits and a practical farmer, he is popular among that class. In 1887 he was elected by the democrats of Vermillion county to the state legislature, being the only democrat ever elected to that office from the county. His majority at that time was 350. He was afterwards a candidate for lieutenant governor and in 1890 was elected secretary of state. Now that he is in the race the gubernatorial contest will assume a new and interesting phase.

FIFTY GOLDEN YEARS.

Mr. and Mrs. Nelson McLain Given a Joyous Surprise.

Fifty years ago Wednesday in Allen county, Mr Nelson McLain and Mrs. Mary J. Snyder were united in marriage. But few people in Wabash, the present home of the couple, aside from the relatives, were aware of the fact. Indeed, Judge McLain and his estimable wife had allowed the important event to slip their recollection and were suddenly reminded of it by the appearance at their home on the fiftieth anniversary morning, of a number of their relatives. There were present Byron McLain, wife and children, of St. Louis, Mo.; M. E. Argo, wife and children, and Charles McLain, wife and children, Fort Wayne; Dr. D. A McLain, and wife, of Muncie. Richard Ruddell, wife and children, of Kokomo, and Dr. James Ford, wife and daughter, of Wabash. As a token of the event each of the sons and sons-in-law presented their parents with a ten-dollar gold piece, which was accepted in the same spirit in which it was bestowed and was highly appreciated by the old couple.

A singular coincidence in the history of Judge McLain's family is the fact that during all the years of their married life there has neither been a death nor any sickness in the family. Judge McLain and family moved to Wabash from Fort Wayne about eighteen years ago, and have been honored and respected citizens since that date. The judge is well known here at the present time.

BRIGHT'S DISEASE.

Judge Arnold Succumbs to the Terrible Malady.

WASHINGTON, April 8—Judge D D Arnold, brother in law of Senator Stockbridge died at the latter's residence, yesterday afternoon of Bright's disease, after a long illness. He was fifty-three years of age, a soldier of the war and had been prominent in Michigan politics. The remains will be taken to the former home of the deceased, in Arlington, Mich.

Lew Dooley, of Logansport, is visiting relatives in the city.

IT WAGES HOT!

The Democratic Primaries for the Election of Delegates to the Different Conventions.

Beginning at 1 o'clock, and lasting until 7 o'clock this evening, the democratic primaries for the election of delegates to the state, congressional, joint senatorial and county conventions will be held.

The fight between the delegates of the different candidates is a warm and interesting one, and for the county convention centers around the offices of sheriff, prosecuting attorney and members of the state legislature.

For delegates to the state convention the contest is even more earnest and in some of the wards their preferences for state officers is best sight of in the bitter fight that is being waged for delegates to the national convention.

Both factions have ret tickets in the field and on each of them is the picture of Mr Cleveland.

The county convention will be held tomorrow at Princes rink, convening at 10 o'clock. It will be called to order by Judge Collins, the chairman of the county central committee, and there will be a large attendance from all over the county.

A CARD FROM JUDGE ZOLLARS.

To the Democrats of the Third Ward:

When Mr. S. M. Foster states on the streets and through the papers that I am not for Mr. Cleveland, that I am pledged to Mr. Colerick, and that my ticket is a trick, he states what is absolutely false. I am for Mr Cleveland and all the time have been, as every democrat knows who has talked with me. More than that, I was a Cleveland democrat before Mr Foster was a democrat at all. I am not pledged to Mr. Colerick nor any one else. I think I am old enough and have been a democrat long enough to go to the state convention and do what is the best for the party. We are not bound to send to the national convention either Mr. Colerick or Foster. We have plenty of good men for that position. I hope that the democrats of the Third ward, with whom I have worked for more than twenty-five years, will see to it that I shall not be injured by the statements made by Mr. Foster, who has not been in the democratic party long enough to understand its honest methods.

ALTES ZOLLARS.

THE VOTING PLACES.

The following are the voting places for the primaries in this city this afternoon:

First Ward—Hartman's grocery, East Washington, near Lafayette street.

Second Ward—East Berry street, near Archine house.

Third Ward—Custer house, West Main, near Calhoun.

Fourth Ward—Schroeder's drug store, Broadway.

Fifth Ward—Rippe's livery stable Broadway.

Sixth Ward—Colerick street, near Fairfield avenue.

Seventh Ward—Seventh ward engine house.

Eighth Ward—Koenig's grocery, Harmer and Washington.

Ninth Ward—Brink's drug store, Wells street.

Tenth Ward—John Trennmel's grocery, Force street.

Wayne Township—West Wayne street, near Reed's livery stable.

Washington Township—Tom Hunt's residence, on Spy Run avenue.

ROYAL ARCANUM.

Will H. Figar, of This City, Elected Orator of the State.

The Grand Council of the Royal Arcanum of Indiana met yesterday at Indianapolis. The session was held with closed doors. The membership in this state is now 3,000, there having been a gain of nearly four hundred during the past twelve months. During that period $72,000 have been paid to beneficiaries of deceased members, the deaths having been twenty-four, and $3,000 insurance having been paid in each case.

The officers presented reports embodying those facts and showing the order to be in an exceedingly flourishing condition financially and otherwise.

The chief business of the afternoon was the election of grand officers. The election resulted as follows:

Regent—Mark L DeMott, Valparaiso.

Vice Regent—W. H Stephenson, Wabash.

Fort Wayne will have Sunday baseball again.

The Democratic county convention meets tomorrow at the Princess rink.

It is announced that Rev. Dr. Driver will remain in this city during the present conference year as the pastor of the Simpson M. E. church and that Rev. Sumen will take the charge to which Dr. Driver was assigned at Columbia City. Mr. Driver has won many friends here and they will be glad to learn that the eloquent Simpson church divine will remain with us.

The announcement made elsewhere in THE SENTINEL today that Hon. Claude Matthews, the present secretary of state, will be a candidate for governor before the democratic state convention, and that he will accept if nominated, will create considerable interest throughout the state. Mr. Matthews has many elements of popularity and as the standard of the party in the state this year would make a strong fight.

There has not been widespread interest in regard to the probable race to announce that Vice President Morton would not again accept the second place on the republican ticket. Within the past twenty four hours, says a Washington telegram, Mr. Morton has stated an intimate friend, a political leader, that he would accept the honor if it is tendered him. He said the matter was beyond his control. The people should decide upon the candidate, and, recognizing the people's right, he would not take any action. If the convention renominated him he would go into the fight with all vigor, but he would not be a participant in any scramble for the nomination.

A prominent physician says: "It is a singular thing that animals as a rule, are much more observant of the ordinary rules of health than human beings are. One-half of the serious colds and many of the fatal fevers originate through the exposure of the body to a direct draught of air through a window to a door or between doors or windows. It is one of the most common things to see overheated persons on a warm day with coat and waistcoat off, enjoying what to them seems to be an agreeable breeze between two open windows. A day later they feel badly, have taken cold and then can't tell where. A dog will lie for hours on the porch, in the room or hallway, but the very moment open door or windows allow a current of air to touch him, he jumps up and changes his lounging place. You can't force a dog to lie in the draught, he knows the risk and instinctively avoids it."

In speaking of the hospitality of Fort Wayne to the visitors during the Grand Army encampment, the Kendallville Sun says: "The meeting of the department of Indiana G. A. R. at Fort Wayne, which closed today, was a very pleasant affair and was attended by an immense number of soldiers and loyal friends. It was the first meeting of the department ever held outside of Indianapolis and it has demonstrated the fact that a successful meeting can be held outside of the state capital. The citizens of Fort Wayne did themselves proud in honor to the brave defenders of the old flag. The city was decorated in gay attire from one end to the other. Every street and business house was decked with the red, white and blue. Flags and streamers were many and everybody seemed to say 'Welcome, three welcome, to the boys in blue.' No member of the G. A. R. who was at the meeting will ever permit a word of censure to be pronounced in his presence concerning the hospitality of Fort Wayne."

A meeting of prominent democrats of the state was held at Indianapolis yesterday to effect a compromise between the Cleveland and Gray wings of the party. The Indianapolis News gives the following as the result of the deliberations: Ex-Governor Gray was not present, but he was represented by James Murdock, John B. Stoll and other. The supporters of Cleveland were represented by John R. Wilson and others. In all about thirty members of the party were present. The purpose of the meeting was to compromise. The situation was discussed and it was stated that a basis of compromise was reached. The compromise will be along the lines indicated in yesterday's News. The supporters of Cleveland will concur in that Gray shall have the vote of the Indiana delegation for a few ballots, or until it becomes evident that he can not be nominated. The delegation will then go to the support of Cleveland, and stay with him until the battle is ended. It is said that the friends of Cleveland were both to enter into an agreement of the kind, and only consented to do so after solemn promises had been made that under no circumstances would the delegations render any service to Hill, or any one except Cleveland after Gray is out of the way."

HOOSIER HITS

Silas Martin, aged twenty two living within two miles of Lafayette, committed suicide by hanging.

William Gehring, of Richmond, for the second time ill of the grip and delirious, committed suicide by hanging.

A pressed brick factory will be located at Anderson, with a yearly manufacturing capacity of several millions.

Rev. James Ellery, pastor of the Bluffton Christian church, and Miss Minnie Elwell have been united in marriage.

Henry Zollman, a successful stock raiser of Jackson county, has marketed a herd of cattle which averaged 1,565 pounds each.

The Marion city county will substitute a police board and a police force for the city marshal and deputy marshal system now in use.

Capt. Henry M. Buel, aged seventy-five, of Valparaiso, is dead. He was commander of the first G. A. R. post organized in northern Indiana.

Hatfield, a little village six miles west of Rockport, consisting mainly of six residents, a dry goods store, blacksmith shop and saloon, has been wiped out of existence by fire.

Richard K. Erwin, of Adams, has been nominated for joint representative of Jay and Adams counties, and William H. Harkins for joint representative of Jay, Adams and Blackford.

Mark Mandlin, of Centerville, ex-commissioner of Wayne county, is dead. He was one of the commissioners contracting for the new court house now in process of construction at Richmond.

Mrs. Harry O'Rourke, of Evansville, arose in the night and seated herself in a chair, after which she called to her husband to light the lamp. As he did she fell to the floor and died. Mrs. O'Rourke had been ill of the grip.

The Indiana presbytery of the Cumberland Presbyterian church is in session at Vincennes, with one hundred ministers in attendance. Rev. J. H. Miller, of St. Louis, secretary of the board of mission work, preached the opening sermon.

Thomas W. Haymound, class poet of the class of '87, DePauw university, and Miss Grace Burk, daughter of W. H. Burk, and a member of the class of '93, same institution, have been united in marriage. The groom is a young attorney, in practice at Terre Haute.

A deal has been perfected by which the control of the plant of the F. W. Cook Brewing company, at Evansville, will pass to an English syndicate. The deal is secured by mortgage bonds calling for $310,000, to be issued and held by Henry S. King, a banker, of London.

Eli St. Clair, of Terre Haute, is dead. He was aged ninety-eight. The deceased first settled in that city in 1838, but afterward removed to Minnesota, where St. Clair's Bluffs was named in his honor. Some years ago he returned to his old home, living with his children until his death.

Rev. H. O. Frazier, of the Everton M. E church, and Miss Anna M. Huston, living near Connersville, have been united in marriage. The bride is a daughter of the late William Huston, and a relative of ex-Treasurer Huston, of Connersville. The groom is a promising young minister of the southeastern Indiana conference.

Hiram Rustin and Harry and Thos. Rice, while trying to save three fish ponds belonging to James M. Rice from overflow, were caught in a rush of water and they were carried down stream five miles before they reached the shore. The fish ponds were washed away, and two thousand pounds of choice fish were turned loose.

The sewer committee consisting of Councilmen Schaffer and Cody, and a special committee consisting of Councilmen Smith, Scherer, Debaugnie, C. F. W. Meyer and Keim, are today investigating the proposed line of a sewer to particularly benefit the Seventh and Tenth wards and incidentally benefit other territory through which it passes on its way to the Maumee river. City Engineer Randall submitted an estimate of $67,000 for such a sewer as he thought would satisfy the demands of the people. His estimate was for a six-foot brick sewer. Another special committee consisting of Councilmen Ely, W. D. Meyer, Kelker and Eggeman, are also investigating the needs of Bloomingdale for a sewer. Reports upon both investigations will be made at the next meeting of the council.

At Lafayette on the 16th of May, will be held a convention of all literary and musical clubs of Indiana. Our local clubs will send representatives as follows: Woman's Reading club, Mrs. Burdey, Mrs. Fairbanks and Miss Hoagland. Morning Musical, Misses Anderson and Carnahan. Saturday club, Mesdames Dyer, Felts and Foster. The Seven club, Mesdames Judge Dawson and R. T. McDonald. At a meeting held at the home of Mrs. Fairbanks, 115 East Berry street, it was decided to make an effort to secure the next convention for Fort Wayne.

HON. J. R. CHEADLE.

The New Department Commander of the G. A. R.

Last evening's Indianapolis News gives the following biographical sketch of J. R. Cheadle, who was elected in this city as the new department commander of the Indiana G. A. R.:

"J. R. Cheadle was born at Perrysville, Vermilion county, Indiana, August 15, 1842. He lived there until he enlisted as a private in company D, Seventy first Indiana Volunteers, July 27, 1862. He served as a private until the close of the war, arriving home July 5, 1865. He first battle was at Rich mond Ky., August 30, 1862. Comrade R. lost six killed or mortally wounded. Among the latter were Captain J. S. Stephens and First Lieut. S. W. Sheets. All the field officers were killed and the quartermaster had his left arm shot off. Mr. Cheadle was with the army of the Ohio. He participated in the campaign in east Tennessee the fall and winter of 1862-3, and went with Sherman to Atlanta with General Thomas to Tennessee, expelling rebels of Generals Wheeler and Forrest, and was at the battle of Nashville in 1864.

After the war he read Law with David H. Maxwell, of Rockville. He graduated at the Indianapolis Law school under Judges David McDonald of the United States district court, and S. E. Perkins, of the state, supreme court, 1867, practiced his profession for seven years at Newport and Terre Haute, and in 1873 bought the Rockville republican and entered the newspaper business. In March, 1876, he bought the Frankfort (Ind.) Banner and conducted it until May 1, 1880, when it was sold to Mc-ee Staley & Burns. He was elected to congress in 1876, to represent the South district, by 3,146 majority, and was re-elected in 1878 by 4,450 majority.

While in congress Mr. Cheadle opposed all class pension legislation, and was an earnest advocate of a service pension for only honorably discharged soldier, sailor and marine, believing them and now that such a measure is nearer just to all than any other, and that in the end it would be much cheaper to tax payers.

While in congress he was active in aiding his comrades, and in various ways aided nearly 2,000 comrades to secure their pensions. His theory of pensions is, That the only tenable ground is to grant the same pension to all for like or similar disabilities, and that there can be no justification in granting pensions to widows, ranging all the way from $96 to $1,500 a year.

PUBLICLY ANSWERED.

Thanks Returned Through This Paper.

A Firm of the Highest Standing Replies to Its Ocean of Correspondents.

To the Editor of the SENTINEL:

Will you kindly state in your columns that we desire to publicly and gratefully acknowledge the overwhelming correspondence which daily pours in upon us. The number of letters is so great as to render most difficult the separate and personal attention each one merits. They are from all classes and conditions of people, and their warm words of gratitude are such a source of pleasure to us that we feel impelled to thus acknowledge them. We also desire to return our thanks for the kind words which have been made to others who have been or are now sufferers. The following extracts from letters, picked at random from a pile, are a fair sample of what the others contain.

One mother writes: "Your medicine saved my boy's life. My prayers are with you constantly, and I bless God that I ever learned of Warner's Safe Cure."

Another person, whose father was snatched from the grave when on its very brink, exclaims: "The happiness of this family is in your keeping, and we shall never cease to remember you in our prayers and best wishes."

Says another: "We are the more grateful to you because all hope had fled. The best physicians failed, and we expected to surrender our loved one but for your remedy Warner's Safe Cure snatched him back from the grave, and has permanently restored him to health."

A mother whose child was nearly carried away exclaims: "I don't know you, I perhaps shall never see you, but the image of a very benevolent man is constantly in my mind when I think of you, for you have done me and mine an act of kindness that I never can repay, and I never expect to see the like again. God bless you and give you prosperity in all your ways."

One poor young lady, who was the victim of consumption, says. "You cannot imagine the gratitude that wells up in my heart as I think of what your medicine has done for me. I never expected to recover, although I would not acknowledge this to myself nor to my friends. But now that I have got rid of the lung trouble, which I found was caused by uric acid poison in the blood, my only thought is one of gratitude to you, that you, Mr. Warner, determined to spread the merits of your wonderful preparation before the world."

Another one writes: "My fortune may slip away and I may lose my friends, my health may disappear, but I shall never cease to praise you that you ever put this remedy upon the market, for it has done for me what no other person living could do, and what no one, before the deed was accomplished, believed could be possible. I feel that I have my life as a special gift from Providence through your hands, and you cannot imagine the profound gratitude I feel toward you."

It is a reason for gratitude to be the recipients of such letters, and to feel that we have contributed in any way to the happiness of the world. Realizing this fully, we again desire to return our thanks. Most sincerely,

H. H. WARNER & Co.

Didn't Understand the Business.

The railway official called the young man into the office and asked sharply:

"Did you go on this map?"

"Yes, sir," replied the young man.

"And you call yourself an expert in your line and the editor, with the blithe disposition.

"Why, sir, I have devoted years to the study of it, and I was particularly careful with that map. Every line was carefully laid down. Why, sir, I would be insulted if an inch I wouldn't have thought that a geographical society could have found a flaw in it."

"You worthless" exclaimed the official. "Why, you don't know the first principles of the business. Look here!" He laid the map down on the desk. "Here is Antioch and here is Jonesboro. They are the two terminal points." He took a rule and a pencil and drew a straight line from one point to the other.

"Now put the other cities on that line," he said.

"But, sir, the map can't—"

"Never mind about it. There our railroad map. Let the other people do the geography business. That's the science of this business." Chicago Tribune.

"A YOUNG WOMAN AT FIFTY."

Or, as the world expresses it, "a well preserved woman." One who, unbeknown to the rest of society, has retained that preserved her youthful appearance. Mrs. Pinkham has many correspondents who, through her advice and care, can look well at fifty. Lydia E. Pinkham's Vegetable Compound is the secret of it.

LYDIA E. PINKHAM'S Vegetable Compound

does to the rest of all female complaints, diseases like weakness, and helps prevent them. Nothing equals it in the cure of Leucorrhœa, Irregular and Painful Menstruation, Inflammation and Ulceration, Falling and Displacements, and the consequent Spinal Weakness, and is especially adapted to Change of Life. It dissolves and expels tumors from the uterus in an early stage of development. The tendency to cancerous humors there is checked very speedily by its use. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times and under all circumstances act in harmony with the laws that govern the female system. For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order the breath is bad, signs of poor, healthful blood, energy and hope have gone, the spirits are depressed, a heavy weight exists after eating, with general tendency to the blues. The Liver is the key-note of the health, and a careless simple notice, such as Nature does not complain otherwise or require constant taking, does not intend to with business or pleasure during it. Try a few Sips in as Liver Regulator as a specific.

RAILWAYS AND SHOPS.

Matters of Interest to Those Who are in Any Way Connected With Our Manufactories.

John Welsh, the Nickel Plate boilermaker, is taking a vacation.

Pittsburg Conductor Phipps has resumed his run, after an illness.

Engineer Joe Bailey, of the Nickel Plate, is laying off on business.

Conductor T. E. Harper, of the Nickel Plate, has leave of absence.

Fireman C. S. Kent and L. A. Warrick, of the Pittsburg are sick and off duty.

Nickel Plate Engineer F. L. Davis has repeated for duty after a week's vacation.

Nickel Plate Fireman William Newer was placed on the sick list yesterday.

Pittsburg Engineer M. Murphy is detained in Chicago by important private business.

Brakeman H. E. Stoner, of the Nickel Plate, is off duty on account of sickness.

Nickel Plate Fireman J. A. Pull is laying off to attend the funeral of Joe Rockhill.

Boilermaker John Sullivan, of the Pittsburg shop, is off duty on account of sickness.

Engineer H. Stoner, of the Nickel Plate, has been given permission to lay off a few days.

Daniel Beechbenner, a carpenter in the Pittsburg shops, is confined to the bed with a bad case of grip.

The Fire Patrol Theatrical company passed through the city this morning, en route to Battle Creek, Mich.

The transportation officials of the Pennsylvania lines will meet in Toledo April 26 for general conference.

Thomas McNarney went hunting yesterday and captured a huge coon. He is becoming a great Nimrod.

Engineer D. P. Eldred, of the Pittsburg, is enjoying a week's vacation. Fireman W. Dexter is also off duty.

General Passenger Agent E. A. Ford, of the Pennsylvania lines, passed through the city last evening on No. 8.

Hugh McCulloch Bond of C. D. Dunham's office, left this afternoon for Chicago to spend a few days with friends.

The Pittsburg wreck car and crew were called to Delphos, Ohio, this morning to remove a wrecked freight car.

Conductor Dunham has charge of Nickel Plate locals Nos. 31 and 32 during the absence of Conductor T. E. Harper.

James Craig, the ripper at Rhinesmith & Simonson's factory, resumed work this morning after a few days' absence.

Bluffton painters and decorators are preparing to form an organization. The order will start with fifteen charter members.

John Deegan is running Mr. Haverly's steam hammer, in the Pittsburg shops during the absence of the latter gentleman.

Frank Smith, yard engineer at Stony Island will manipulate the throttle of engine No. 41 at nights in the west Wayne yards.

Mr. and Mrs. A. S. Work are entertaining Mrs. Work's parents, from Uhrichville, Ohio, at their West Jefferson street home.

Nickel Plate Firemen F. Cordway and Joseph Mills, of the Nickel Plate, who were on the sick list, reported for duty last evening.

Yesterday a fast freight run to Stony Island was made on the Nickel Plate by Engineer Ed Wolf; time—five hours and nineteen minutes.

The date of the annual meeting and banquet of the Pennsylvania Railway Veterans' association is April 21, it having been changed from April 12.

The Order of Railway Telegraphers will establish an insurance branch, the death beneficiaries to be fixed at the next annual meeting of the order.

William Rogge, Wabash car inspector, and August Rogge, janitor at the Pittsburg depot, left this morning for Pemberville, Ohio, where an uncle lies at the point of death. The brothers received a telegram last night notifying them of their uncle's condition.

T. Telby and E. H. Rogers, engineers on the Pittsburg, have obtained a leave of absence to attend to some private affairs.

John Ferguson, who has been sick for the past four weeks, is able to be out and will soon return to his work in the Pittsburg boiler shop.

Pittsburg passenger train No. 7 was three hours late in reaching this city this morning. The delay was caused by a wreck east of Pittsburg.

Mart Brown, assistant foreman in the Nickel Plate boiler shop, is the father of a bright little daughter. Cigars were distributed among the employes in the department yesterday.

Capt. J. C. Kendall will resume his old position in the Pittsburg boiler shop next Monday. The captain was sick for several weeks, but is now, we are glad to state, fully recovered.

Master Mechanic Barney Fitzgerald, of the Pennsylvania shops at Wellsville, Ohio, was the guest of Fort Wayne relatives last night. He came here via the Wabash route from Indianapolis.

A Cincinnati special says the Chesapeake and Ohio fast express was wrecked at Huntington, W. Va. Particulars will be found in our telegraphic columns. According to first reports thirty people were killed.

Pittsburg Engineers H. D. Rose, J. Worman and A. Sime, who were off duty a few days, resumed their runs this morning. Firemen D. Laisure and C. H. Brown, who were on the sick list, have also reported for duty.

Fire Patrol Theatrical company passed through the city this morning, en route to Battle Creek, Mich.

F. Stonebrook, the painter, who fell off a Pittsburg engine a few days ago, is injured more seriously than was at first supposed. One of his legs is so badly sprained that he cannot stand upon his feet. He will be laid up some days.

O. B. Hall, chief train dispatcher on the Cincinnati division of the Big Four, died Wednesday in Springfield, Ohio. He commenced service as telegraph operator on the Bee Line fifteen years ago, and was an unusually competent train dispatcher.

Ed Ketch, formerly of the Pittsburg machine shop, but later of the Bass works, has gone to North Manchester, Ind., to take the foremanship of a huge foundry and machine shop. He is a pleasant gentleman and a good mechanic. We wish him success in his new home.

The factory of Rhinesmith & Simonson is in operation again after a two day's break down. Samuel Wass, Asa Roebuck, Charles Muellenbrech and Joseph Ashley worked all night repairing the broken line shaft and completed the task at 6 o'clock this morning.

Conductor M. C. Hoyt, of the Wabash railway, whose serious illness has detained him from work for several months, reported at company headquarters at Penn Tuesday, and will soon be able to resume work. Mr. Hoyt has hosts of friends along the line who will be glad to know of his convalescence.

The contractors of the Wabash railroad are experiencing no end of difficulty at Westville, ten miles east of Valparaiso, where the company has unloaded 3,000 carloads of dirt in a fruitless attempt to fill a hole. The Canada Southern builders sunk about $75,000 in the same hole. There is apparently no bottom to it, as the dirt that is put in during the day disappears at night.

For the information of all railway men, as well as the public, we call the attention of one and all to the fact that the Railway Employes' home, of Chicago, is strictly a charitable institution and is incorporated as such under the state laws of Illinois. This home cannot under any circumstances charge for the care of its inmates and no money consideration is exacted from any of the railroad brothers who go there. If any charitable person or persons of Fort Wayne wish to give the home money, bed linen, napkins, towels or other useful article, even an old crutch, the home will be thankful for such donations. Also, the home paper is open to subscribers at seventy-five cents a year. Any and all information that any person may wish regarding this noble charity will be given by addressing J. B. Spencer, room 10, 166 East Randolph street, Chicago, Ill.

Walter D. Cross, late of the Pittsburg machine shop, was married to Miss Kate McGinnis at Lima Ohio, on Thursday of last week. The Lima papers contained a nice notice of the wedding, complimenting the bride and groom very highly. The friends of the groom in the Pittsburg shops extend their congratulations and wish the happy couple a long, prosperous and happy married life. Mr. Cross is now holding an important position in one of Lima's manufacturing establishments.

DR. W. D. REA

RENOWNED
Surgeon Specialist
—AND—
Staff Physician
—TO THE—
SOUTHERN
Medical and Surgical Institute
520 Fifth Street, Louisville, Ky.,
Will be at Fort Wayne at the Randall Hotel, April 18 and 19, Monday and Tuesday, returning every 28 days for an other year.

CONSULTATION :- FREE.

The Southern Medical and Surgical Institute was organized by Drs. Rea and Walker and full staff of specialists, covering every branch of surgery and medicine. It has treated more patients than any institution in the west and south. See circulars for particulars, as many patients could be treated at home and not lose time from business. Treats all diseases of the Eye, Ear, Nose, Throat and Lungs. CATARRH IN ALL FORMS diseases peculiar to women, failings of the sexual and digestive organs of the world. Will give $500 in case that cannot be cured in any of these diseases.

Dr. Rea will bring with him all his portable instruments and appliances, and come prepared and will take the time to perform any surgical operation, no matter how difficult; he will bring with him Marx and Gentz's Physiological and Pathological charts, the different diseases taken from photographs from life and preserved in the natural colors. He will bring with him electrical treatment for examining the throat, nose and rectum. It is a small incandescent electric lamp, the most wonderful discovery of the age. Instead of guessing at the trouble, you can see it. By electric light throw down your throat and nose making a brilliant light and many other instruments that he could not bring. There is a class of sufferers who think that can be cured without treatment, and there are those that can be cured without treatment, and below he will name over those diseases which no cures are effected by electricity. There is no pain or soreness, no cutting from the use of instruments of any kind whatever from the electric light. Piles—bleeding, itching or in a small prolapsus of the rectum—is easily cured in a few treatments.

DISEASES OF THE EYE.

Granulated eye-lids, ophthalmitis, optic nerve, watery eyes, diseases of the eye ball, opacity of corneas, pimples, smooth scar, sight, cataract and diseases of the retina cured. No better operator when a cure can possibly be effected to be had, but when a cure cannot be effected he will tell you so honestly. Our treatment is painless and the effect are immediate. We come fully prepared for cataract operations and will be glad to refer you to some of the most remarkable cases of restoring sight ever made in the world.

Piscure, Fistula or Ulcers cured by our electrical treatment.

Varicocele cured in one or two treatments by electricity, no pain or soreness. Impotency or loss of vitality.

Polypus from any of the nostrils, ear or rectum removed at a re treatment.

Irritation of bladder and kidneys, one treatment, also female diseases, such as falling of the womb, displacements, forward or backward, retained; permanent cures.

Impotency.—There are a great many women suffering from the effects of leucorrhea or some other disease which can be relieved and cured by a few treatments.

Ladies having "superfluous hair" on their face we remove them permanently by one treatment. Blotches, moles, etc., likewise cured. Tumors, warts, cured by one treatment.

Varicocele, hydrocele cured. Rupture cured. Young men suffering from errors should call on or two treatments will restore them.

Deafness.—There are many cases that can be easily relieved and restored to hearing, therefore operate, and properly treated.

Lung Trouble.—Very few cases are curable that have not gotten too far. Will say to physicians and others that may send patients to Fort Wayne or relative you will be examined, bring them in. I have not yet met a case of lung trouble that I cannot relieve in a few days. I will take pleasure in explaining every mode of treatment necessary. All letters of inquiry promptly answered in advanced theory and practice. Patients coming from a long distance and wishing to visit should call or write us. We will inform you how to go home well and never have to come back to us.

Dr. Rea will undertake no incurable case and will tell you what success he may be to be cured.

Remember the date, bring this to your sick friend or relative. Do not let it be said yes, like the old adage that "Rome is not to man has made mistakes suffer and mourn.

Each patient can see the doctor privately, call as early as possible, as his room will be crowded.

Consultation free. Address,

GETS HIS PAY.

Ontario Votes a Salary to a Suspended Officer.

ONTARIO, Ont., April 8.—The first real division of the house this session took place last night on the question of voting the amount of his salary to J. C. Patterson, late deputy minister of the interior, who was suspended last summer in connection with the scandals in that department. The payment was opposed by the opposition, but carried by the government on a vote of eighty-five to sixty-one.

Eleven hundred steamers traverse the four great ocean routes.

Mr. J. F. Blaize, an extensive retail seed dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that state during a recent blizzard, says the Saturday Review. Mr. Blaize had occasion to drive several miles during the storm and was suddenly caught chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaize sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and that in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines. Mr. Blaize says that his case was simply wonderful. Fifty cent bottles for sale by druggists.

Projected railroad construction is 40 per cent. less than last year.

NOT LONG TO WAIT.

Work on the Electric Street Railway Line Soon to Commence.

The poles and other necessary material for converting the lines of the Fort Wayne street railway company into an electric system have been ordered, and immediately upon its arrival the work on the long talked of electric street railway will be commenced. Civil Engineer Randall is preparing drawings for frogs to be laid on all the railroad crossings over which the lines pass. It will be acceptable news to patrons of the street railway company to know that these frogs give the cars a smooth rail surface, thereby avoiding the unpleasant jarring that now accompanies riding over railroad crossings. Engineer Randall has already taken surveys for the changes the company wishes to make.

Passenger Fares Reduced.

Frequent reductions in fares for the round trip seems to be the order of the day at present. In the northwest or west, the news of the wonderful yield of cereals or some recent development of the vast mineral wealth sends a thrill to the feelings of the average citizen; or in the southwest or south, some marvel of progress in the new industries so rapidly developing, calls strongly upon the speculative instincts

Circulars and other information of all reductions are constantly in possession of the principal agents of the Nickel Plate. If inquiry is made of any agent of the Nickel Plate not fully informed on the subject, the information will be procured at once and by telegraph, if necessary. Tickets of any class on sale and baggage checked to any destination in the United States, Canada or Mexico, at lowest rates.

TWENTY MILES

On a Railroad Track with a Warwick Safety Fitted With Thomas Pneumatic Tires.

TO WHOM IT MAY CONCERN.

We take this method of reaching you on a matter that will be of interest to everyone using or handling the BIDWELL (Thomas) genuine Pneumatic Tire and a matter we are sure you will appreciate. We request that any information you desire of any nature whatever, regarding this Tire, that you write direct to us, for several reasons Pneumatic Tires are understood by very few in this country, and we have arranged a special branch to answer all inquiries, send any parts desired, make any necessary repairs in the quickest and cheapest manner. This will tend to relieve manufacturers and dealers from any unnecessary correspondence. Parties will be more likely to receive complete and satisfactory information, and will tend to reduce delay to a minimum. In fact, anything and everything necessary to make the Pneumatic Tire a comfort and a success we undertake to do.

HIS SUIT SATISFIES HER.

Don't put up with a suit which is nine-tenths right and one-tenth wrong, it's just about as easy to have it perfect as it is to have it imperfect and a good deal more satisfactory.
